What Makes us Unique

Customer Centricity

- We do everything with our end customer in mind
- Addressing Customer Needs at all levels of our designing and production

Design First Principles

- Our product designs are inspired by various elements of consumer psychology
- We adopt designs which complements the functionality and utility well
- Good design practices are inbuilt at all levels of our product development

Quality DNA

- Achieving Quality in everything we do
- All of our processes undergo regular Quality Assessment & Audit
- Strong & Robust In-House Quality Practices

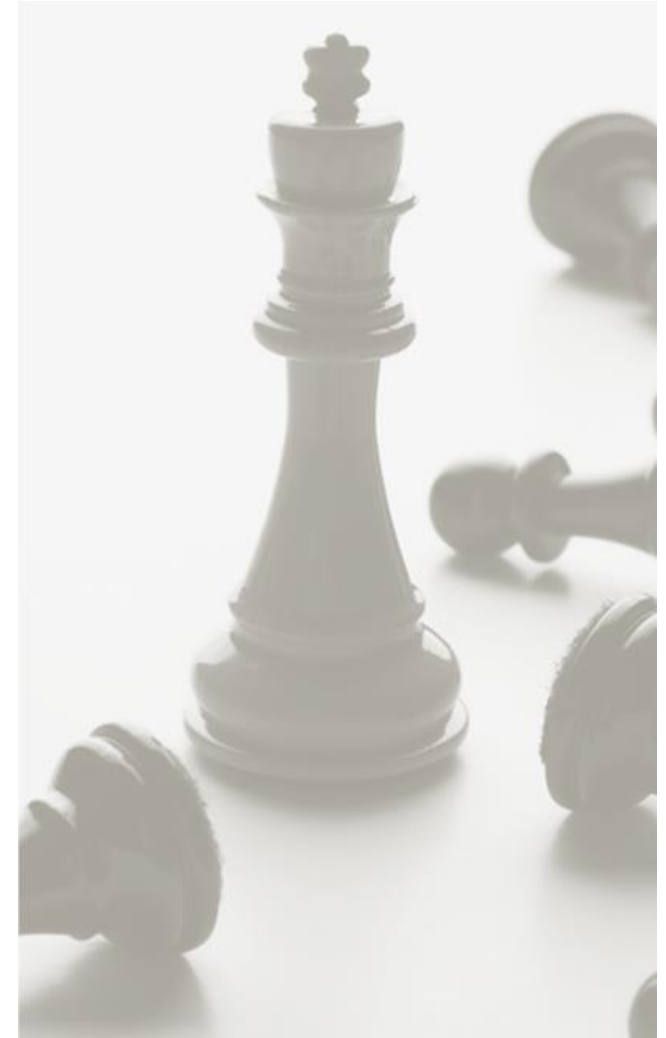

Efficient & Effective Delivery

- We do whatever-it-takes to help our clients succeed
- Manufacturing processes which have matured over years
- Our Engagement model captures the best of Quality and Affordability

Culture

- Guided by our core values of Honesty and Innovation
- Always doing the right thing, from the heart...
- ...for the employee, client and business proposition

The magic of our uniqueness, though, lies in our operating philosophy “How can we help the other person, without expecting anything in return”

Our Compliances & Certifications

Sharing is Caring : Our Unique Approach to Corporate Social Responsibility

A Meal Per Product : *For every product that gets manufactured by us, we donate a meal to fight hunger*

We have partnered with Not-For-Profit Organizations across India to run this initiative

This is a unique approach to Corporate Social Responsibility wherein we directly tie up our business revenues with our CSR commitments

Fighting hunger is a cause which is dear to all our stakeholders within the organization

Through this initiative we invite our Clients to become our partners in the mission to eradicate hunger

At the end of each financial year, we publish the CSR Report which provides data and figures related to this initiative

Our Expertise in Leather

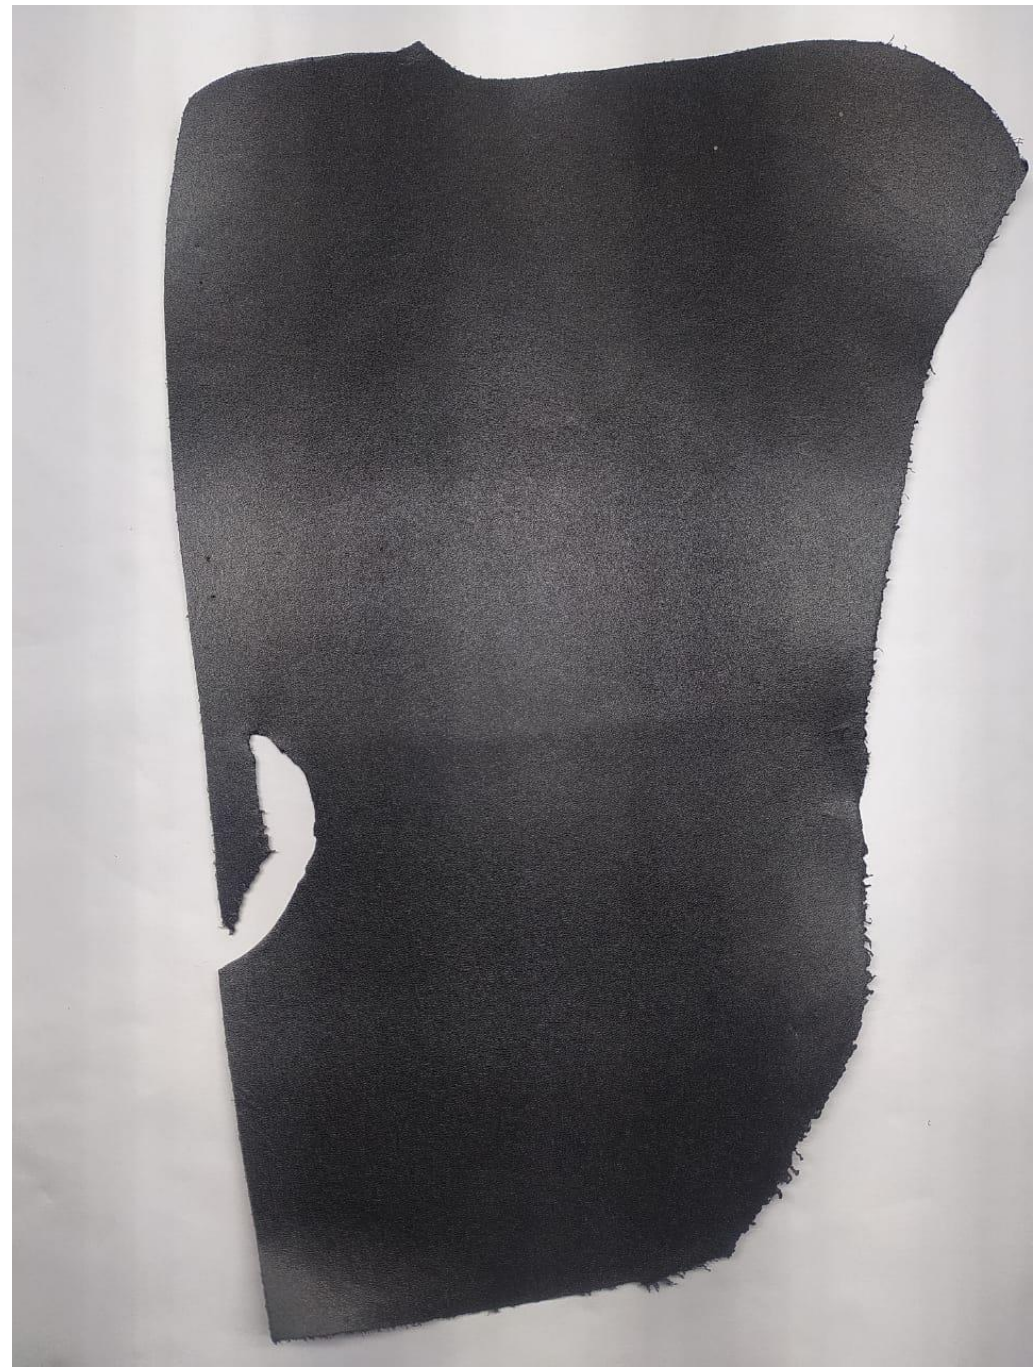

Our products are manufactured using handpicked and ethically sourced **Cow, Sheep, Goat and Buffalo Leather**.

Our Leather Portfolio includes the below range of leather types

- Nappa
- Fine Milled (FM) Nappa
